Section 1 – About this application pack

1. Important note

IMPORTANT: You are only able to apply to be on the Oral Surgery Specialist List if you are currently registered as a dentist in the United Kingdom with the General Dental Council.

Please read this form and guidance carefully to ensure you are applying via the correct route before submitting your application.

2. Routes to gain entry to the Specialist List in Oral Surgery¹

There are different routes available in order to gain entry to the Specialist List in Oral Surgery. It is important that you know which route you are applying through, as you will need to provide certain information depending on which route you choose.

Route 1 – EEA Oral Surgery qualification – Specialist Oral Surgery qualification awarded by an EEA Member State or Switzerland which is listed in Annex 1 and where their training began on or after the reference date.

Route 2 – Oral Surgery qualification outside UK – Postgraduate Oral Surgery qualification awarded outside the United Kingdom (demonstrating equivalence to CCST in Oral Surgery).

Route 3 – Knowledge and experience – Knowledge and experience in Oral Surgery derived from academic or research work (demonstrating equivalence to CCST in Oral Surgery).

Route 4 – GMC-registered Oral and Maxillofacial Surgeon – Registered as a specialist on the General Medical Council's (GMC) register for Oral and Maxillofacial Surgery and has completed training equivalent to that required for the award of a CCST in Oral Surgery.

Route 5 – Specialist UK qualification – Specialist qualification awarded in the United Kingdom and relevant knowledge and skill and experience in the specialty in question (demonstrating equivalence to CCST in Oral Surgery).

3. How to use this application pack

The Specialist List Assessed Applications (SLAA) process will consider whether you have knowledge, skills and experience equivalent to that which would be gained by completing a Certificate of Completion of Specialist Training (CCST) in the United Kingdom (UK). The evidence you provide will be used to make that assessment. It is therefore essential that you provide sufficient evidence to demonstrate how you meet each of the Higher Learning Outcomes (HLOs) contained in the relevant [Specialty Curriculum](#) for the specialty you are applying for.

The purpose of this application pack is to help and guide you in making your application. It covers what you should provide, based on the types of evidence we expect to see to demonstrate equivalence and your clinical abilities, and how to present this evidence to us.

It is recommended that you follow the guidelines contained within this document. Failure to comply with this guidance may result in an application being considered incomplete.

1. [General Dental Council Specialist Regulations 2024](#)

The information provided in this guidance has been designed to support you with your application. Making a false declaration in this application will result in a negative outcome and may put your GDC registration at risk.

4. Data Protection

Under the United Kingdom General Data Protection Regulation, General Data Protection Regulation ((EU) 2016/679) and Data Protection law, the GDC processes personal data, like the information in your application, because the processing is necessary for the exercise of the GDC's statutory functions; and the processing is also in the substantial public interest.

Information about how the GDC will use and share the information you give us, the various rights you have in connection with any personal data about you that is held by the GDC, and how long we will keep your information for can be found in the [privacy notice](#) and in the guidance accompanying this form.

Your portfolio of evidence should not contain any patient names, addresses or full-face images. Any patient names, addresses and any other information that would identify a patient must be removed from your documentation. If you are using images, please ensure the patient's eyes are covered to protect their identity. Please note that if the GDC receives a logbook with these details not anonymised, your application will be returned.

5. Payment

The fee to join the Specialist List is £345.

There is also an annual retention fee of £72. If your application is successful and the decision is made to allow you to join the relevant specialist list in November or December, you will need to pay the annual specialty retention fee of £72 for the following year.

Payment of the fee will be requested via email and can be made using a credit or debit card via eGDC. Once paid, you will be automatically added to the Specialist List and will be able to use the title of Specialist.

Please make payment within 14 days of receiving your payment request otherwise your application may be delayed or cancelled, and your application documents returned to you.

If you wish to have any of your documents returned, please identify them accordingly and tick the box on section 3 of the application form. There is a £10 charge for this service.

6. Notification of outcome

The GDC will acknowledge receipt of your application within 10 working days. If any further information is needed, the GDC will contact you within one month of your application being received. We aim to notify you of the outcome of your application within four months from the date your application is received, providing full supporting documentation is in order.

Section 2 – How to present your evidence

1. Format of evidence

Applicants should submit their evidence in the form of a portfolio.

- **Portfolio size** - Portfolios should be succinct and relevant to the competencies/HLOs being assessed. You are only required to demonstrate each competency once. **Inclusion of unnecessary or unhelpful materials is likely to make it harder to assess your application, and assessment may take longer than necessary.**
- **Portfolio structure** - The evidence you should include in your portfolio is outlined in Sections 4 and 5 below.
- **Summary Information Sheet - A summary information sheet will be provided with the application form to help you structure your portfolio.** This is designed to help you map the evidence provided in your portfolio to each of the HLOs/competencies set out in the CCST curriculum. This may enable you to clearly demonstrate how you meet each competency and direct the panel assessing your application to the relevant evidence. The table of suggested evidence as set out in Section 4 may also help as it reflects the expectations of UK CCST trainees.

2. Original documents

We advise against sending original documents and do not take any responsibility for documents that are lost in transit. There is a £10 charge for the return of any of the documents you have sent us, which will be requested after your application has been processed.

3. Certified copies of original documents

The GDC's guidelines for the certification of copies of original documents are as follows:]

- a) The document should be a first generation photocopy (i.e. a photocopy of the original document, not a photocopy of a photocopy or a fax).
- b) The person certifying the copy of the document should be a Notary Public, Commissioner of Oaths, Justice of the Peace, lawyer, solicitor or an authorised officer of an embassy or consulate.
- c) The person certifying the copy must confirm in English writing that they have inspected the original document and that the copy of the document they are certifying is a true copy of the original document.
- d) The person certifying the copy must also write on the copy their full name, address and if they do not have a stamp, their professional status. They must then sign the copy.
- e) The person certifying the document cannot be the applicant themselves, a relative or their partner/spouse, even if their professional status is one listed in point (2).

4. How to present your unbound photocopies with your application

After you have completed the application form, the covering summary information sheet and prepared the documents required, please sort them into a bundle with each section clearly identified, preferably with section dividers.

The photocopied bundle will be scanned so please ensure it meets the following requirements:

- a) Photocopied onto A4 size paper only.
- b) Each copy is clearly legible and accurately corresponds with the original bundle.
- c) There are no staples, plastic wallets, ring binders and/or folders.
- d) We do not accept books and material on electronic format such as discs and USB sticks.
- e) For the syllabus, the translated documents should be kept separate from the original language.

Please note: we are unable to process an incomplete application, therefore your bundle will be returned if any documents are missing or do not meet the above requirements.

5. Translations

Anything that is not in English must be translated according to the GDC's standards:

- a) The certified translation must be produced by a qualified translator.
- b) The translation must be bound to a photocopy of the specific document.
- c) The translator must confirm in English writing that the translation is an exact translation of the copy attached.
- d) The translator must provide their contact details.
- e) The Council will not accept a translation of a translation (e.g. a Polish diploma translated into German, then to English from German is not acceptable).

Section 3 – What evidence to provide for each route

Routes to entry onto the Specialist List in Oral Surgery

Route 1 – EEA Oral Surgery qualification

Please refer to Annex 1 for a list of recognised specialist qualifications awarded by an EEA Member State or Switzerland, where the training for this award began on or after the specified reference date.

If you hold one of these qualifications, please provide a certified copy of this certificate in its original language and a certified translation. You are only eligible to apply via this route if the certificate contains the exact wording as listed in Annex 1.

Route 2 – Oral Surgery qualification awarded outside UK

Please see Sections 4 and 5 below for what evidence to include in your portfolio.

When applying under this route, you must include all the required documentation regarding your Oral Surgery qualification set out in the table at Section 4 below. The documentation must be issued by the institute that awarded your qualification.

Route 3 – Knowledge and experience

NOTE: This route is intended to provide access to the specialist lists for those who do not hold a CCST or do not hold a specialist list qualification awarded outside the United Kingdom. It is not essential to have completed a specific specialist training programme or qualification, but you must demonstrate that you have experience from academic or research work equivalent to what you might reasonably have been expected to have acquired if you had undertaken the training required for the award of a CCST.

Please see sections 4 and 5 for suggested portfolio evidence required for your application.

Route 4 – GMC-Registered Oral and Maxillofacial Surgeon

When applying under this route, you must provide your GMC registration number which can be used to confirm your status on the GMC's Specialist Register for Oral and Maxillofacial Surgery.

Route 5 – Specialist UK qualification

NOTE: This route is intended to provide access to the specialist lists for those who do not hold a CCST but do hold a specialist list qualification awarded within the United Kingdom. You must demonstrate that you have experience equivalent to what you might reasonably have been expected to have acquired if you had undertaken the training required for the award of a CCST.

Please see Sections 4 and 5 below for what evidence to include in your portfolio.

Section 4 – Advice on presentation of portfolio evidence

	Structure for submission of portfolio evidence
Evidence of Oral Surgery Training Programme	<ul style="list-style-type: none"> • A certified copy of your Oral Surgery qualification. • Details of the entry criteria for the course which should include qualifications and training requirements. • A copy of the training course/programme syllabus or curriculum, specific to your training period². This must be authenticated by the Dean, Head of School or Program Director of the educational Institute or hospital where the course was undertaken. • Duration of training. • Details of training environment (hospital, primary care setting, university, country). • Details of how you were supervised including the names and qualifications of your supervisors. • Link to list of recognised Oral Surgery Qualifications (GDC European List) and UK recognised qualifications (ISFE in Oral Surgery and Membership Oral Surgery).
Evidence of Academic or Research Work/ Projects	<ul style="list-style-type: none"> • Evidence of any postgraduate qualifications derived from academic or research work including: <ul style="list-style-type: none"> o Certificates o The title and an abstract of any thesis o Authenticated copy of the syllabus • Details of research projects you have been involved in: <ul style="list-style-type: none"> o Details of grants awarded o Abstract of publications o List of your PubMed cited publications including authors o List of cited non peer reviewed publications o Link to your research gate profile o H Index and Orchid registration number o Names and addresses of supervisors o Ethics applications (date, title and ethics panel) • Research presentations and invited lectures <ul style="list-style-type: none"> o Title of the presentation o Forum name (local/regional/national/international) o Poster or oral presentation o Date o Any feedback you received • List of PhD projects and students you have supervised (primary or secondary) to completion (date name of candidate and title of project). • List of Masters degree projects and students supervised (primary or secondary) to completion (date name of candidate and title of project).

2. If the exact course curriculum/syllabus is not available, you will need to provide an authenticated copy of the current syllabus. The university will need to provide an accompanying letter with the syllabus outlining the differences of the current syllabus and the one you studied.

	Structure for submission of portfolio evidence
Clinical Caseload Logbook	<p>Please note that if the GDC receives a logbook with patient details not anonymised, the entire application will be returned.</p> <ul style="list-style-type: none"> • The logbook should be broken down into sections, one for each post you have held. • Each section must be validated by your named trainer/teacher/clinical lead for that post, with the following included: <ul style="list-style-type: none"> o Full name printed of person validating o Signature of person validating o Job title of person validating o Date o Stamped o Must say <i>“this is a true and accurate record of the work carried out”</i> • For each patient the logbook of operative experience should include: <ul style="list-style-type: none"> o Date of operation / procedure o Location o Age o Indication of medical status (e.g. ASA) o Your role (supervisor/main operator/assistant/observer) o Details of the procedure carried out – as much detail as possible o Any relevant complications • Experience of anxiety management – techniques should be logged separately (domain 4) <ul style="list-style-type: none"> o Logbook of conscious sedation experience o Logbook of general anaesthetic experience • Non-operative clinical experience relevant to the oral surgery curriculum should also be logged such as: <ul style="list-style-type: none"> o Orofacial pain experience (should include diagnosis and treatment plan) (Domain 3) o Multidisciplinary experience as relevant to the Oral Surgery Curriculum o Experience of assessment, diagnosis and management of soft tissue lesions (e.g. oral mucosa and salivary gland disease – Domain 5) <p>Guidance notes for clinical logbooks</p> <ul style="list-style-type: none"> • For operative experience, you may wish to use eLogbook which is currently used by UK CCST trainees and is free to register for online. <ul style="list-style-type: none"> o If you use eLogbook, please remember that you will need to download your logbook into a spreadsheet so that it can be validated as specified above o It should be formatted so that it is easy to read and contains the information specified above o Please note, ‘consolidation reports’ or ‘validation reports’ generated by eLogbook do not contain all the information outlined above • Your total logbook activity should meet the suggested indicative number of different procedures. It may be useful to refer to the expectations of UK CCST trainees. • You should map your logbook activity to the Learning Outcomes set out in the relevant curriculum, using the Summary Information Sheet provided at Section 7.

		Structure for submission of portfolio evidence
Evidence of Supervised Learning Events (SLE) and Work Based Assessments (WBA)		<ul style="list-style-type: none"> SLEs/WBAs must be validated by clinical trainers and should include details of how you were assessed during your training and the outcomes of these assessments. Evidence must include (where relevant) date /role/ name of supervisor with signature for all SLEs/WBAs.
	Multi-source feedback (MSF)	<ul style="list-style-type: none"> The MSF, or 'peer assessment' or '360° assessment' or similar type of assessment done within the last 3 years.
	Direct Observation of Procedural Skills (DOPS)	<ul style="list-style-type: none"> Each DOPS should represent a different clinical problem covered by the curriculum and have come from a range of clinical settings. You should aim to include 15 DOPs.
	Procedure Based Assessment (PBAs)	<ul style="list-style-type: none"> You should aim to include 15 PBAs.
	Case Based Discussion (CBD)	<ul style="list-style-type: none"> CBD uses the records and investigations of a case (for which the applicant has been directly responsible or involved in) as the basis for dialogue between the trainee and the assessor/clinical supervisor to explore the knowledge, judgement, and clinical reasoning of the applicant.
	Clinical Evaluation Exercise (CEX)	<ul style="list-style-type: none"> The CEX is a consultation or discussion conducted by the applicant, which is observed and critiqued by a trainer/assessor. It is used for the assessment and feedback of a clinical consultation.
	Evidence of reflective practice	<ul style="list-style-type: none"> Written reflections of clinical encounters relevant to demonstrate the core competencies. A reflective summary should include a discussion of how you apply your knowledge or have learned from your own practise. It is necessary to relate what you have learned directly to your practice. A list of requirements without any analysis of how it relates to practise is not sufficient. Your reflective log should relate to your PDP. For useful guidance on reflective practice see Enhanced CPD supporting documents and Ten key points on being a reflective practitioner - GMC.

Structure for submission of portfolio evidence	
Curriculum Vitae	<p>Please include a copy of your CV detailing a complete record of post- graduate study, including relevant membership/fellowship exams, research, teaching and employment to date.</p> <p>It may be helpful to include:</p> <ul style="list-style-type: none"> • Evidence of your recent Personal Development plans or appraisal <ul style="list-style-type: none"> ○ Copy of recent NHS appraisal within past 12 months (if applicable) ○ PDP relating to competencies ○ Access the PDP guidance and template • Evidence of Continuing Professional Development <ul style="list-style-type: none"> ○ Continuing Professional Development Log and certificates ○ Please only include courses and reflections relevant to the competencies within the oral surgery curriculum and been undertaken in the last three years ○ Access the CPD guidance and template • Evidence of teaching, training and supervision including research activities (where applicable) <ul style="list-style-type: none"> ○ Evidence related to formal training in teaching and training (e.g. courses undertaken) ○ Experience of teaching healthcare students/professionals including: <ul style="list-style-type: none"> - Curriculum and or programme development - Assessment of undergraduate and postgraduate examinations - Supervisory role in training - The frequency of the teaching should be clearly indicated - Formal feedback should be included where available ○ List of PhD Projects and Students that you have supervised (primary or secondary) to completion (date name of candidate and title of project) ○ List of master's degree projects and students supervised (primary or secondary) to completion (date name of candidate and title of project) • Quality improvement activities (including clinical audits and quality improvement projects) and service developments: <ul style="list-style-type: none"> ○ Title ○ Date ○ Trust and registration number ○ Lead or collaborator ○ Number of cycles ○ summary of outcomes ○ Resultant change in practice or delivery ○ Implementation of change date
References	<p>At least two original reference letters from senior colleagues who are registered and practising in the relevant specialty testifying to your knowledge and experience in that specialty.</p> <p>Please note character references will not be accepted as part of your application.</p>

Section 5 – Application form

Application for entry to the Specialist List in Oral Surgery

Please read this form and guidance carefully to ensure you are applying through the correct route before submitting your application.

Please complete this application form and return to:
General Dental Council
Registration Team
1 Colmore Square
Birmingham B4 6AJ

For queries phone: +44 (0)20 7167 6000 or email: assessments@gdc-uk.org

Section 6 – Basis of application

Please read the guidance notes before submitting your application

I apply for entry to the General Dental Council's Specialist List in Oral Surgery on the basis of (please tick):

- Route 1 – EEA Oral Surgery Qualification
- Route 2 – Oral Surgery qualification outside UK
- Route 3 – Knowledge and experience
- Route 4 – GMC-registered Oral and Maxillofacial Surgeon
- Route 5 – Specialist UK qualification

Payments

If you wish to have any of the documents you have submitted returned please identify them accordingly and tick the box below. There is a £10 charge for this service.

I have documents that I want returned and will pay £10 on request.

Signature

I declare the information I have given on this form is accurate and I enclose full documentary evidence in support of my application in accordance with the guidance notes that follow.

Signed:.....

Date:.....

Section 7 – Summary Information Sheet

You should use this Summary Information Sheet to demonstrate how you meet each of the Higher Learning Outcomes in the relevant curriculum.

Please refer to the [Oral Surgery curriculum](#) when filling in the Summary Information Sheet.

The Summary Information Sheet lists:

- Each of the HLOs that you need to meet.
- The suggested form of evidence you can include in your portfolio that demonstrates that you meet the HLO.
- A section for you to complete explaining how you can demonstrate that you meet that HLO.
- A section for you to complete explaining where, in your portfolio, the evidence for meeting this HLO is provided.

The purpose of the Summary Information Sheet is to help you consider what evidence to provide, and how that evidence demonstrates your skills, knowledge and experience in delivering clinical care to patients. It will help you ensure that you have included sufficient evidence to demonstrate you meet all the HLOs set out in the curriculum.

You should satisfy yourself that you have provided the right types of evidence to assess your application. This may also help to ensure that you do not provide excessive information that is not relevant.

Location	Suggested forms of evidence	Tell us how you have met this outcome	Where in your portfolio can this evidence be found?	Assessor's rating and comments on evidence (Meets/partially meets/does not meet)
----------	-----------------------------	---------------------------------------	---	--

Domain 1: Assessment, diagnosis and management of patients requiring dentoalveolar surgery

<p>Demonstrate capability to carry out independent practice of exodontia and diagnosis and management of unerupted and impacted teeth, including recognising and effectively preventing and dealing with complications.</p>	<p>Patient feedback MSF DOPs CBD CEX PBA CBCT 1 & 2 Reflective reports incl CiP self-assessment E Logbook</p>			
---	---	--	--	--

Domain 2: Assessment, diagnosis and management of patients with hard or soft tissue trauma

<p>Demonstrate capability in the effective diagnosis and appropriate management of soft and hard tissue trauma and rehabilitation.</p>	<p>DOPs CBD CEX PBA CBCT 1 & 2 E Logbook</p>			
--	--	--	--	--

Domain 3: Assessment, diagnosis and management of patients with orofacial pain and temporomandibular disorders

<p>Demonstrate capability to diagnose and manage orofacial pain conditions and temporo-mandibular joint disorders including liaison and onward referral to other specialties when appropriate.</p>	<p>DOPs CBD CEX PBA CBCT 2</p>			
--	--	--	--	--
